

Fool

Ben Cristovao

I went by your house today
around like 8 o'clock
to see how your mind is
your flowers were dying
ooh ooh
the last time is aw your face
the beauty of your face
stained with dark lines and..
couldn't stop crying
ooh ooh

See I have been a fool, ok
I have been a fool
twice I said it
I have learned something new today
the pain of heartbreak
you can't forget it
ooh ooh aeeeeyo
ooh ooh aeeeeyo
why why why why
aeeeeyo
the pain of heartbreak
is putting love song in my headphones
is putting love song in my headphones

I got a love jones
for your soul
in my headphones
communication broken
we been lacking a ringtone
it's been known
you are speaking in silence
and I'm
loosing my guidance
mama..
let's skip the violence
I know..
love like you and I
short supply
didn't embrace it
left it tainted
gave it cause to die
testify
if I never find it again
than m destiny
to spend the rest
of eternity with my pen
I know
I played with all your trust
didn't treat it with respect
young brother ridiculous
disgusted I know
fool and pride
go together
like you and I
forever making song
cry part of our lullaby

see I

See I have been a fool, ok
I have been a fool
twice I said it
I have learned something new today
the pain of heartbreak
you can't forget it
ooh ooh aeeeeyo
ooh ooh aeeeeyo
why why why why
aeeeeyo
the pain of heartbreak
is putting love song in my headphones

Stuck on you
like CD on a repeat
rely need to move on
stuck on you
can't press delete
you still deep
in my soul
my hard disk full of memories
still got that old tape with melodies
and tunes and they put
lovesong in my headphones
aeeeeyo
ooh ooh aeeeeyo
why why why why
aeeeeyo
they put
lovesong in my headphones

See I have been a fool, ok
I have been a fool
twice I said it
I have learned something new today
the pain of heartbreak
you can't forget it
ooh ooh aeeeeyo
ooh ooh aeeeeyo
why why why why
aeeeeyo
the pain of heartbreak
is putting love song in my headphones
