

## Twin Falls

Ben Folds Five

Christmas Twin Falls, Idaho's her oldest memory  
She was only two  
It was the first time she felt blue

Cafeteria, Harrison Elementary  
Beneath a parachute  
I saw her without shoes

7UP I touched her thumb and she knew it was me  
Although she couldn't see  
Unless of course she peeked

My mom's good she got me out of Twin Falls, Idaho  
Before I got too old  
You know how that goes

That's where she still was the summer she turned 17  
1983  
Three weeks after me

Last I heard was she had twins or maybe it was three  
Although I've never seen  
That don't bother me
