

Heist

Ben Folds

(You don't stop, you don't stop, you don't stop)

Follow me into the great unknown
Where pink flamingos grow
Diet soda flows

And what you take magically regenerates
On supermarket shelves
The ovens clean themselves

You don't pay the tab
Till the last drop
Cause we all ride for nothing
Cause this train
Never stops

da dada da dada da dada da dadada
We make a good team
Me and You
We do
You can scratch my back
And I'll scratch my back too

And everyone is welcome at the party
Yeah
People more is more
Are we all on board?

(You don't stop, you don't stop, you don't stop)

[Chorus]
