

# Heist

Ben Folds

(You don't stop, you don't stop, you don't stop)

Follow me into the great unknown  
Where pink flamingos grow  
Diet soda flows

And what you take magically regenerates  
On supermarket shelves  
The ovens clean themselves

You don't pay the tab  
Till the last drop  
Cause we all ride for nothing  
Cause this train  
Never stops

da dada da dada da dada da dadada  
We make a good team  
Me and You  
We do  
You can scratch my back  
And I'll scratch my back too

And everyone is welcome at the party  
Yeah  
People more is more  
Are we all on board?

(You don't stop, you don't stop, you don't stop)

[Chorus]
