

# Something I Need

Ben Haenow

I had a dream the other night  
About how we only get one life  
Woke me up right after two  
Stayed awake and stared at you  
So I wouldn't lose my mind

And I had the week that came from hell  
And yes I know that you can tell  
But you're like the net under the ledge  
When I go flying off the edge  
You go flying off as well

And if we're only here once I wanna live with  
You've got something I need  
In this world full of people there's one loving me  
And if we only here once (hey)  
I wanna live with you (you, you, you)  
You've got something I need  
In this world full of people there's one loving me  
And if we only here once (hey)  
I wanna live with you (you, you)

Last night I think I drank too much  
Call it our temporary crutch  
With broken words I've tried to say  
Honey don't you be afraid  
If we've got nothing we've got us

And if we're only here once I wanna live with  
You've got something I need  
In this world full of people there's one loving me  
And if we only here once (hey)  
I wanna live with you (you, you, you)

I know that we're not the same  
But I'm so damn glad that we made it  
To this time, this time, now

You've got something I need  
In this world full of people there's one loving me  
And if we only here once  
I wanna live with you (yeah)

You've got something I need  
In this world full of people there's one loving me  
And if we only here once  
I wanna live with you (you, you, you)  
You've got something I need  
In this world full of people there's one loving me  
And if we only here once (hey)  
I wanna live with you (you, you, you)  
And if we only here once  
I wanna live with you  
And if we only here once  
I wanna live with you

If we only die once (hey) I wanna die with

If we only live once I wanna live with you
