

Testify

Ben Haenow

Got my girlfriend telling me truth
When the world keeps telling me lies
When I feel like there's no use,
I just take one look in your eyes
And it's all depending on you, oh no no

And you like it when I'm begging you for mercy, mercy
And I like it when you hold me close and show me, I'd pray

And your love can make me stronger, take the pain away
And your love can make me better, better
Baby, let me testify
I wanna testify 'til it breaks me 'cause
And your love can make me stronger, make it all okay
And your love can make me better, better
Baby, let me testify
I wanna testify 'til it breaks me 'cause

I've given up my pride
And I'll be sanctified
Baby, let me testify

When I falter, you are my faith
When I'm doubting, you are my real
And when I thought that things would never change,
You make me change the way that I feel, oh oh yeah

And you like it when I'm begging you for mercy, mercy
And I like it when you hold me close and show me, I'd pray

And your love can make me stronger, take the pain away
And your love can make me better, better
Baby, let me testify
You know I wanna testify 'til it breaks me 'cause
And your love can make me stronger, make it all okay
And your love can make me better, better
Baby, let me testify
I just wanna testify 'til it breaks me 'cause

And your love can make me stronger, make it all okay
And your love can make it better, better
Baby let me
And your love can make me stronger, make it all okay
And your love can make it
Oh, and your love can make it better, better
Baby let me

And your love can make me stronger, take the pain away
And your love can make me better, better
Baby, let me testify
I just wanna testify 'til it breaks me 'cause
And your love can make me stronger, make it all okay
And your love can make me better, better
Baby, let me testify
I just wanna testify 'til it breaks me 'cause

I've given up my pride

And I'll be sanctified
Baby let me testify
