

## Get Up!

**Ben Harper**

I have a right to get up when I please  
Don't tell me I can't break the law  
Cause the law has broken me

I have a right to get up  
Don't care what you say  
You're much too late to be thankful  
But thank you anyway

I have a right to get up  
Anywhere I'm bound  
Gonna tell the pain dealer  
To keep his nervous breakdown

I have a right to get up when I please  
I have a right to go where I please  
Don't tell me I can't break the law  
Cause the law has broken me
