

# The Word Suicide

Ben Harper

The word suicide is irresponsible  
Still you offered to buy me a gun  
What's so hard about sympathy  
Love is a lonely room  
Love is a lonely room

When out on the edge  
There's just two directions  
And somebody has to lose  
I should know better than to use words  
Like never and hate  
Love is a lonely room  
Love is a lonely room

This is no way to live  
And this is no way to die  
Who in the hell's life is this I'm living anyway  
Love is a lonely room  
Love is a lonely room

Love is a lonely room (8x)
