

Touch From Your Lust

Ben Harper

1. I need to sleep, but I'm too tired
I need to calm down, but I'm too wired
When the sun comes up, I miss the moon
Cause I know tomorrow is gonna come too soon
Is gonna come too soon....

R: She only wants to be wanted
But time crumbles blue roses to dust
And now I long to feel the touch from your lust

2. Scars on your back tell where you've been
but I'll roll like the ocean if you blow like the wind
sweet texas angel, what have your blue eyes seen
I'll be your country gentleman if you'll be my mason-
dixon queen

R: She only wants to be wanted...

3. So much sweeter than all the rest
You're what lies between pain and death
sinners and saints call you by name
if your gonna take the praise your gonna have to learn to ta
ke the blame

R: She only wants to be wanted...
