

# When It's Good

Ben Harper

You're a prison I can't escape  
You're a decision I never make  
Heard me laughing  
You heard me weep and moan

Oh- when it's good, it's so, so good  
When it's gone, it's gone

They say time will kill the pain  
I say pain is gonna kill my time  
Lord won't you save me  
Or leave me alone

Cause when it's good, it's so, so good  
When it's gone, it's gone  
Oh- gone

I hang your picture right above my mind  
Don't do anything you can't deny  
I could never be your pawn

Oh- cause when it's good, it's so, so good  
When it's gone, it's gone

Some drink to remember  
Some to forget  
Some for satisfaction  
Some to regret  
I hope a brighter day to you I've shown

Oh- cause when it's good, it's so, so good  
And when it's gone, it's gone  
When it's gone, it's gone  
When it's gone, it's gone  
When it's gone, Oh- it's gone
