

# When She Believes

Ben Harper

1. The good lord is such a good lord with such a good mother to  
O

they have blessed me in the good graces of you  
I have heard a hundred violins crying  
And I have seen a hundred white doves flying

R: But nothing is as beautiful as when she believes  
when she believes when she believes when she believes  
when she believes when she believes in me

2. How good it must feel to be so young and free  
and a song that pleases a queen will always please me  
I have heard the wisest of wisdom  
and I have dined in palaces and kingdoms

R: But nothing is as beautiful...

3. Now all of life is just passing the time  
until once again your eyes look into mine  
I have been adored by a stranger  
and I have heard the whispering angel

R: But nothing is as beautiful...
