There's no deals to be made with the dawn Now I fear that our time has come and gone

They say freedom is just a place to hide

Now I'm coming to you with my arms open wide

(Oh - won't you tell me)

Where could I go to the Lord

Take a prayer with you to heaven for me
Oh - And give it to the Lord
Give it to the Lord
Cause nothing else could save a sinner
Sinner like me
Oh - But an angel's word
Just an angel's word

Now - Oh now - what is - what is too true What is hard is much too true Oh - and what's true Oh - is much too too hard And now where - where could I go but to the Lord

Mama was hard on us but we could take it And papa didn't give a damn and he couldn't fake it

They say freedom

Oh - Freedom is just an other place to hide

Now I'm coming to you with my arms open wide

(And tell me)

Where could I go - Oh - but to the Lord
