Tell Me Everything

Ben Jelen

Tell me all the things that lie behind your eyes,
and tell me all the things you see.
it doesn't matter if you take your time, we've got all night,
and nights as long as we can dream

'cause when your arms surround me,
youknow I love the way you let me in
and tell me everything.
no matter what they tell me,
I know there couldn't be no sweeter sin,
oh show me everything

they say I'm crazy and I'm young and I'm ideal
they say that this could never last
but baby tell me would you change for me?
I'd change for you,
you know I wouldn't change a thing.

cause when your hair falls round me,
you know I love the way you let me in
and tell me everything
no matter what they tell me, I know there couldn't be no sweete
r sin, oh show me everything...

tell me that you're gonna save me,
tell me you'll be true,
tell me that you love me baby,
I'll fall in love with you.

tell me that you're gonna save me,
tell me you'll be true
tell me that you love me baby,
I'll fall in love with you...
