

# Ballad of Wendy Baker

Ben Kwellner

Im so quiet today  
I dont feel like me  
Someone took your smile away  
Now it's gone and I cant see  
No one looks til it's gone  
Im the one who likes change  
But I feel taken by surprise  
Let me rewind the things I said  
That made it rain inside your eyes  
I keep missing you  
My heart knows it's through  
Don't wake up Im here  
To keep you from the storm  
Ill suck up your fear  
To keep your body warm  
I keep missing you  
My heart knows its through  
Dont wake up Im here  
To keep you from the storm  
I'll suck up your fear  
To keep your body warm  
I keep missing you  
My heart knows it's through  
Nothing to hold on to  
My heart knows it's through
