

## 10ft Tall

Ben Lee

I'm ten feet tall today  
I'm higher than a kite  
I sidle up beside  
Awake for five days and five nights

I've got a glow today  
For everyone I know  
It hurts to watch me glow  
I'm blind so watch me grow

I hit the ground and I'm downtown  
The street's alive there's people 'round  
Wonder how I did it all before  
You know, I've walked away from more...

I'm ten feet tall today  
And no one can explain  
And no one can obtain  
And I will buckle under strain

I hit the ground and I'm downtown  
The street's alive there's people 'round  
Wonderin' how I did it all before  
You know, I've walked away from more than this  
I've walked away from more than this  
Away from more

I'm ten feet tall today  
I'm higher than a kite
