

# Ductile

Ben Lee

You know you never change your ways  
And I don't mean the way you brush your hair  
You know you never change your ways  
And I don't mean the clothes you wear

And I don't want you to lose your inhibitions  
Just be a bit more flexible  
By dictionary definition  
Be a bit more ductile like me

You know you never change your ways  
And I don't mean the life you lead  
You know you never change your ways  
And I don't know what you need

And I don't want you to lose your inhibitions  
Just be a bit more flexible  
By dictionary definition  
Be a bit more ductile like me

I'm hoping you'll be  
A bit more ductile like me  
I'm hoping you'll be  
A bit more ductile like me  
Here's hoping you'll be  
A bit more ductile like me
