

# Autumn

Ben Rector

So I knew a girl once  
She was the one I adored  
So I fell in love once  
With the girl that I mentioned before

And I'm giving up slowly  
Giving up slowly  
Giving slowly love  
And so I'm giving up slowly  
Giving up slowly  
Learning how to love someone

So look what you did to me  
Look what you did to me  
Look what you did to me autumn  
I'm a leaf that's gone falling free  
Beneath all the maple trees  
In front of your house to the bottom

So I watched the leaves fall  
All of the way to the ground  
And I knew that that was what love was  
To die so that it could be found

And they're giving up slowly  
Giving up slowly  
Giving slowly now  
And so they're giving up slowly  
Giving up slowly  
Learning how to love someone

They say look what you did to me  
Look what you did to me  
Look what you did to me autumn  
I'm a leaf that's gone falling free  
Beneath oh the maple trees  
In front of this house to the bottom

Winter's chill won't leave until  
I let it lay me down  
And you can't see the spring  
Til you're like the leaves  
Here on the autumn ground

And so I'm giving up slowly  
Giving up slowly  
Giving up slowly love  
And so I'm giving up

So look what you did to me  
Look what you did to me  
Look what you did to me autumn  
I'm a leaf that's gone falling free  
Beneath oh the maple trees  
In front of your house to the bottom

Yeah winter's gone

Spring has come  
Love is here can't you see  
Like the autumn leaves  
Bring me to the spring  
Show me how to love someone
