

# Dance With Me Baby

Ben Rector

And do I leave for California  
When my love is here behind in Tennessee?  
From the night times and the mornings  
I am aching for the better part of me  
I've a thousand miles behind me  
And a thousand more that I have yet to go

Well, I kept all of your letters  
Reading in between the white lines on the road  
The white lines on the road

So won't you come home and dance with me baby  
Cause I've been traveling this road that is so dark  
So won't you come home and dance with me baby  
Cause it's been too long  
It's been too long

And I find I am divided between here and there  
And you and them and me  
And I know this dream that I am chasing  
Can very well go and be the death of me  
So darling, don't you worry  
I'll be there before you can close your eyes  
I'll be there to kiss my baby  
And dance with you until the morning light  
Until the morning light

So won't you come home and dance with me baby  
Cause I've been traveling this road that is so dark  
So won't you come home and dance with me baby  
Cause it's been too long  
It's been too long  
Oh, yeah
