Falling In Love

Ben Rector

I, I thought I was fine
Until you walked by, I thought I was fine
You, that is quite a word. Cause you are not just some girl
You is quite a word.

Oh-oo falling in love is something
Oo-oo-ooh falling in love is nothing.

We, we were young and dumb
We were just both in love
We were young and dumb
But there's no, no place I'd rather be
Than with you next to me.
It's where I wanna be

Oh-oo falling in love is something
Oo-oo-ooh falling in love is nothing. [Repeat]
