

Hide Away

Ben Rector

I gotta mind full of questions and they just won't let me be
I am weary from the restless heart inside of me
I never care about believing till I see I lost my way
And then my troubles all around me and all that I can say,
See me through another day cause the devils calling
I need a place to hide away, from the storm
When the waters rising, when the sun don't shine
I need a place to hide away and some peace tonight
Found out life was complicated, more grey and black and white
Sometimes I wanna follow Jesus but sometimes he's hard to find
I never care about believing till I see I lost my way
And then my troubles all around me and all that I can say is,
See me through another day cause the devils calling
I need a place to hide away from the storm
When the waters rising, when the sun don't shine
I need a place to hide away and some peace tonight
When the waters rise around me, when my worry's all I see
I called your name and you came and found me
Through the darkness I can see, Oh I can see oh
Will you lead me through another day cause the devils calling
I need a place to hide away from the storm
When the waters rising when the sun don't shine
I need a place to hide away and some peace tonight
I need a place to hide away, Could you bring me some peace tonight
