

# If You Can Hear Me

Ben Rector

Sometimes the devil sounds a lot like worry  
Treading a well-worn path into my soul  
And it don't sound evil oh but my heads burning  
And I know

So if You can hear me  
I could use You right about now  
If You can hear me  
I could use some peace

Because the devils walking in my soul  
And all I really want to know  
Is You can hear me  
You can hear me

Sometimes the devil sounds a lot like Jesus  
Telling me I'm not enough  
But I don't believe it, no no. But I can feel it  
And I need You so, yes I need You so

So if You can hear me  
I could use You right about now  
If You can hear me  
I could use some peace

Because the devils walking in my soul  
And all I really wanna know  
Is You can hear me  
Is You can hear me

I believe that there is someone watching over me  
And I believe that is enough  
Cause I believe it don't make it easy  
So I need to know that You can hear me

So if You can hear me  
I could use You right about now  
If You can hear me  
Could You send some peace

Because the devils walking in my soul  
And all I really wanna know  
Is You can hear me  
Is that You can hear me

Can You hear me?

Can You hear me?

Can You hear me?  
Can You hear me?

Because the devils walking in my soul  
Can You hear me?  
Can You hear me?
