

Way I Am

Ben Rector

I've always been one for thinking
So I never had much to believe in
Yes, I can't understand
How there's anything out there

Yes, I heard all your stories
Of love and hope and then glory
But, I keep punching holes in everything I hear

Can't be sure
That that's the way I am
Anymore
That that's the way I am
Anymore

Here is beautiful struggle
Between who I am and I was once
Yes, there's things I can feel
That I can't conceive

See world full of beauty
And I feel his hope running through me
But I can't reconcile
With the doubts in me
With the doubts in me

Can't be sure
That's just the way I am
Anymore
That's just the way I am
Anymore

Can't be sure
That's the way I am
Anymore
I can't be sure
That's just the way I am
Anymore
That's just the way I am
Anymore
That's just the way I am
Anymore
That's just the way I am
Anymore
