## **Ben's Brother**

Shouting down an answer phone a thousand miles from you why's the world a combat zone that I'm a stranger to?

And I don't know where to go I don't know what to do tell me how I find my way back home

Absence makes the heart grow cold no matter what they say especially when the one you want is half the world away

And I don't know where to go I don't know what to do I don't know where to go I don't know what to do

I don't know where to go I don't know what to do someone tell me how I get back home to you
