

# Time

Ben's Brother

A second, a minute, an hour, a day and its gone  
Little by little it fritters away try as you may you can never  
replace it  
A moment of beauty you stumble upon,  
As long as you treasure whatever it is, whatever it is could ne  
ver be wasted

So if we all turn to dust  
Better to've loved and lost  
Cos everything has a cost

So if you're gonna spend time  
Spend it upon me  
Spend it up on me  
Just give me your time  
I don't want your money

I'd crawl then I'd walk then I'd run but then I'd stumble and f  
all  
Somewhere between the love and the lust  
I tried my best I was maladjusted  
And I'm not saying that I know it all  
Maybe I'm a little more self-aware  
Still get scared but I've learned to trust it

So when it comes to us  
I've weighed up all the odds  
I bet that this is love

So if you're gonna spend time  
Spend it upon me  
Spend it up on me  
Just give me your time  
Don't take it from me

I know hard it is  
Getting it right  
At a time like this  
So you'd better believe  
Believe  
How right it could be

So if you're gonna spend time  
Spend it upon me  
Spend it up on me  
Just give me your time  
I don't want your money
