### Benediction

Release me  
Erupting  
Break out from the Bleakhouse  
Fractured mind  
Four in one, my storm  
Escape my fantasies  
Hollow hear of my disease  
Angered psychopath unbound  
Control my mind's common ground  
I'm avenging a hurt  
Damn the worms within my brain  
Causing me to suffer pain  
Mental imagery imposed  
My psyche's falling... down  
I'm avenging a hurt  
Pulsing along channels  
Alive with phantom humming  
Sweting like a rapist  
I cannot avoid becoming  
Too much reality in my make believe mind  
I am dead, but the four live... on  
See blood everywhere  
Can't control our vision  
Forever we're the Ghoul  
Eternal mental prison
