

# Bottle Baby

Benjamin Francis Leftwich

Took a ride home  
Woke up in the snow  
Went out to bury my dog  
Drink the rain up  
Put on a brave face  
For a brave day  
Don't need no human heat  
To make me feel okay

Then I heard you say  
I got punched out today  
I don't need no bottle baby  
To make me feel okay

Got out of the car  
Ten years too far  
Motorway bar, cigarette on the tar  
Put on a brave face  
For a brave day  
I don't need no bottle baby  
To make me feel safe

Then I heard you say  
I got punched out today  
I don't need no bottle baby  
To make me feel okay
