

# Break The Day Open

Benjamin Francis Leftwich

When I said I wanted to see ya  
I only ever wanna talk  
I only ever wanted to tell ya  
To walk the walk

When I said I wanted to be there  
I only ever wanted to say  
Why don't you come dancing?

Everywhere we go  
From the summer to the snow  
We will pave the way  
And break the day open

Everything we did  
I know we made mistakes  
We were kids  
But now we could be woke up

When I said I wanted to meet you  
At an airport in December  
I only ever wanted to hope

When I said I wanted  
To walk with you  
Down the old road  
I only ever wanted to let go

Everywhere we go  
From the summer to the snow  
We will pave the way  
Break the day open  
Everything we did  
I know we made mistakes  
We were kids  
Now we could be woke up

And I could stand on a goldmine  
That runs from your eyes  
And I can see down the whole line  
And stayed with you tonight

Everywhere we go  
From the summer to the snow  
We will pave the way  
Break the day open  
Everything we did  
I know we made mistakes  
We were kids  
And now we could be woke up
