

Don't Touch Too Much

Benny Benassi

You don't hesitate
You don't have no doubts
Don't invade my world
Gently come inside

You keep pushing me babe
'Cause your wish is strong
Won't you hurt my feelings
Don't you make me wrong

Don't touch too much
You touch too much
Don't touch too much
You touch too much
Don't touch too much

Your kiss is so bewitching
And my heart is blind
You keep on seducing me
You know I'm not that kind

I don't want illusions
You must give me time
To believe in what you say
Love's so hard to find

Don't touch too much
You touch too much
Don't touch too much
You touch too much
Don't touch too much

Baby I keep crying
You keep blowing my mind
Don't you hesitate no more
No, I'm not that kind

Don't touch too much
You touch too much
Don't touch too much
You touch too much
Don't touch too much
