

# Stop Go

Benny Benassi

Stop go back forward  
Come further take it slow

Stop go back forward  
Come further take it slow

Maybe if you make it in time  
You must just be mine

Make a move and throw me a line  
Come and make me shine, fine  
Fine, fine

Stop go forward back go - forward  
Come further take it slow  
Move your ass as you know stop go  
Take it

Maybe if you make it in time  
You must just be mine

Make a move and throw me a line  
Come and make me shine, fine  
Fine, fine

...

Stop go back forward  
Come further take it slow

Stop go back forward  
Come further take it slow

Maybe if you make it in time  
You must just be mine

Make a move and throw me a line  
Come and make me shine, fine  
Fine, fine

Maybe if you make it in time  
You must just be mine

Make a move and throw me a line  
Come and make me shine, fine  
Fine, fine

Stop go back forward  
Come further take it slow

Stop go back forward  
Come further take it slow
