

Jingle Bells

Benny Goodman

Mean Mistreater

Oh yeah! Sort of a "Matchbox" feel, but what a great groove! Sing it out
for someone you used to love!

I got the hatchback loaded
I got my suitcase on the floor
I got the hatchback loaded
I got my suitcase on the floor
Well you're a mean mistreater
I just can't stay here anymore

You used to be so nice
You used to love me all the time
You used to be so nice
You used to love me all the time
Well you're a mean mistreater
I've got to find some peace of mind

You know I worked so hard
I try to keep you satisfied

You know I worked so hard
I try to keep you satisfied
Well you're a mean mistreater
These are the last tears that I cried

You know I sure do love you
You got a spell that I can't fight
You know I sure do love you
You got a spell that I can't fight
Well you're a mean mistreater
I need someone to treat me right

I got the hatchback loaded
I got my suitcase on the floor
I got the hatchback loaded
I got my suitcase on the floor
Well you're a mean mistreater
I just can't stay here anymore
