

## Sunday 29th

Bent

Here in my room all alone  
with a love that I can't see  
These walls are so bare  
And I close my eyes to see you  
When I'm lonely

Why are my arms so empty?  
I am possessed by love  
This is how I feel  
This is home to my hell  
When I'm lonely

Oh, my dear  
I can almost hear you say  
Oh, you only have to wait another day

Here in my room all alone  
As the time passes slowly  
Dreaming of your skin on my skin  
And all the things that you show me

Why are my arms so empty?  
For I am possessed by love  
This is how I feel  
This is home to my hell  
When I'm lonely

Oh, my dear  
I can almost hear you say  
Oh, you only have to wait another day

Oh, my dear  
I can almost hear you say  
Oh, you only have to wait another day
