

Sunday 29th

Bent

Here in my room all alone
with a love that I can't see
These walls are so bare
And I close my eyes to see you
When I'm lonely

Why are my arms so empty?
I am possessed by love
This is how I feel
This is home to my hell
When I'm lonely

Oh, my dear
I can almost hear you say
Oh, you only have to wait another day

Here in my room all alone
As the time passes slowly
Dreaming of your skin on my skin
And all the things that you show me

Why are my arms so empty?
For I am possessed by love
This is how I feel
This is home to my hell
When I'm lonely

Oh, my dear
I can almost hear you say
Oh, you only have to wait another day

Oh, my dear
I can almost hear you say
Oh, you only have to wait another day
