

# All Is Well

Beres Hammond

I know I'm gonna feel real  
Good tonight oh yeah...

All is well I can tell  
Cause I like the way I feel  
When I see you coming through  
I won't lie, cause you take me on a high  
I feel you coming through oh oh

Say it over and over T  
That for me there could be no other  
Doubt there will be another  
To make you change my mind no no  
You gave me cool cool water  
And I was never thirsty after  
Don't even try to convince me  
I won't change this line

I'm so proud of me  
Really really going steady  
With no intention of ever letting go no no  
The only problems are waiting  
It's like years until this evening when  
Gonna pour that sugar on me  
Gonna give me all that honey  
And when the sun come shining  
This is where you're going to find me

It's nice to rise in the morning  
With the sun shining in your face  
Then decided to share it  
With a woman of your taste  
She gave me cool cool water  
And I was never thirsty after  
And then she poured that sugar on me  
And then she gave me all that honey  
And the sun comes shining  
Here is where you're going to find me

Say it over and over  
That for me there could be no other  
Doubt there will be another  
To make me change my mind  
She gave me cool jelly water  
And I was never thirsty after  
Don't even try to convince me  
I won't change the line
