

# Who Say

Beres Hammond

Watch this Beres!  
Woman sing all about dere wanting this  
Hear why!

Thought I could live without you (Eh-eh)  
Thought everything would be fine  
Saw nothing special about you  
But still you were plaguing my mind  
I used to take you for granted  
You were the last name in my life  
Presently you're the most wanted  
At the top of my life

And it was yesterday when  
I saw you down my lady  
You were with my best friend (Jealousy reign)  
All (trop-a-tane?) (Talking game) (And!)

And now I'm falling in love  
All over again, yeah  
How could I ever doubt  
That you were my friend (I'm)  
Falling in love (Falling)  
All over again (Over and over - Watch this!)  
How could I ever doubt  
That you were my friend (Beres!)

Who  
Say that big man don't cry  
Yuh never miss di water  
Till yuh well run dry  
Could yuh find it in yuh heart  
To give me one more try  
I won't abuse the situation  
This time I won't lie  
By mi nightly conversation  
Also mi lullaby  
Well she squeeze orange juice  
An mi eggs well fried  
Garments well cleaned  
From mi socks to mi tie  
She's a friend, also a lover  
Dat mean me not feel shy  
Me express meself  
Straight up to the sky (Oh)

Who  
Say that big man don't cry  
Yuh never miss di water  
Till yuh well run dry (Me say)  
Who say that big man don't cry

Now I'm falling in love  
All over again (It's only natural)  
How could I ever doubt  
That you were my friend (Eh-eh)  
(But I'm) Falling in love

All over again (As I was saying)  
How could I ever doubt  
That you were my friend (Watch this!)

Woman unleash all yuh sweet chat  
An how yuh massage mi back  
Heap on mi advices  
(A jan tar?) mi get dat  
Woman want affection  
So me dem fill up pon  
Through mi ignorance  
Mi never understand  
I gwan take time out  
To show me love motion  
An make yuh know we cyaan  
Stop correspond  
I am di greatest loverboy  
In all di island  
Put on ya slipper  
Put time ya gwan run  
Hear me out  
Woman I'll make you understand  
Even the wisest man  
The great King Solomon  
Hear 'bout him dickie  
And get a run back  
Dats how him lost his thought  
Inna di great Babylon  
(So me say)

Who  
Say that big man don't cry  
I learn the hard way  
Woman don't ask me why (Oh)  
Who say that big man don't cry  
Come down Beres Hammond  
Come tell the world why

And now I'm falling in love  
All over again, yeah  
How could I ever doubt (How could I)  
That you were my friend (He's a friend also a lover)  
I'm falling in love (Never could dem fool dem bowcat?)  
All over again  
How could I ever doubt  
That you were my friend (Watch this!)

All over the earth  
Di woman dem God bless  
Upon di laugh fi man  
Di man a make dem tax it  
One time yuh hurt dem feeling  
And make dem flex  
But a making a part  
That is the greatest  
Dis cause matters (over cuppa)  
Tell ya kiss and caress  
Waan buju Banton

Say that big man don't cry  
I've learned the hard way

Don't ask the DJ why
