

Down and Dirty

Berlin

When I've got the best
Everyone is just the rest
No matter how much the date costs

Other guys want my time
Well that's your ride
Step to the right and fuck off

You're not a flashy guy
Your wallet's kind of light
You can't afford what I like

But your heart is divine
Your touch is my kind
That's WASP for you're spreading my thighs

Down dirty and deep for you
Down dirty and deep for you

I've seen the big homes
The gold-plated poems
Still deep inside it was..no

You think you want cash and
That Mel Gibson dashing
But you know it's all in the soul

You're no standard issue
I can't be a bitch you
Hold my hair when I get pissed

I want to know what you know
Go everywhere that you go
Don't care if it's the pits or the Ritz

Down dirty and deep for you
Down dirty and deep for you
Oh you want the same thing too
Down dirty and deep for you
Do you want to know the girl you adore

When I've got the best
Everyone is just the rest
No matter how much the date costs
Other guys want my time
Well that's your ride
Step to the right and fuck off!

Down dirty and deep for you
Down dirty and deep for you
Oh you want the same thing too
Down dirty and deep for you
Do you want to know the girl you adore
