

# Heartstrings

Berlin

Watching as you sleep so easy  
Wonder why  
I'm wide awake and left alone shaken  
Satisfied my need and desire  
Still I cry  
Paralyzed, our love tearing me apart

I love you more each day  
I love the music you play on my heartstrings  
I feel you in every way  
Reach for touch  
You play on my heartstrings

We used to awake into morning  
Time stood still  
I slept in your arms, content to go on dreaming  
A nightmare too real to imagine losing you  
Paralyzed tonight, tearing me apart

I love you more each day  
I love the music you play on my heartstrings  
I feel you in every way  
Reach for touch  
You play on my heartstrings

You wake to the sound of another day  
Smile at me  
And I hate that I want you  
But nobody ever made me feel  
Feel the way I do now

I love you more each day  
I love the music you play on my heartstrings  
I feel you in every way  
Reach for touch  
You play on my heartstrings
