Rock star, sing my song Be my brand new toy You're a Marvel Man A fallen poster boy

Rock star, sing my song Make me yours alone You're the highest high The lowest of the low

You look down at me I hear in whispers what you want Seeing where you go I follow on the spot

I want to know you I want to know your name
Push me to the wall
I want to know you I want to know you'll stay
I know I'm going to want it all
I want to know you I want to know your name
Sacred and profane

Rock star, sing my song So close I hear you breathe

I love you Marvel Man And your obscenity

You look down at me
All wrong, so real
How do you know me
And everything I feel

I want to know you I want to know your name Push me to the wall
I want to know you I want to know you'll stay
You know I'm gonna want it all
I want to know you I want to know your name
Sacred and profane

I want to know you I want to know your name
Push me to the wall
I want to know you I want to know you'll stay
I think I'm gonna have it all
I want to know you I want to know your name
Sacred and profane
