

Secrets

Berlin

I can't decide
If you're really closed or if you're open
I want to try
If you show me you can go in

I want to untie
The devil inside you've never spoken
You want to be nice, but I want to live
You could blow me down, oh oh oh

Take me now
Take me inside the cages in your mind
Where only you go

Take me now
Take me inside the cages in your mind
And we'll unlock the secrets of love

Lets rewind
I want to go back to when we tried things
Look in my eyes
And take me without warning

I know it ain't right
The devil inside you've never spoken
But that's what I like
And I want a repeat performance yeah now
Oh oh oh

Take me now
Take me inside the cages in your mind
Where only you go

Take me now
Take me inside the cages in your mind
And we'll unlock the secrets of love

We'll unlock the secrets
