

Falling In Love With Love (Cinderella)

Bernadette Peters

"This isn't about love, its about marriage! Have I thought you girls nothing!"

Stepmother (Bernadette):

Falling in love with love is falling for make believe

Falling in love with love is playing a fool

Caring too much is such a juvenile fancy

Learning to trust is just for children in school

I fell in love with love one night when the moon was full

I wasn't wise with eyes unable to see

I fell in love with love with love everlasting

But love fell out with me
