He's Got A Way

Bernadette Peters

he's got a way about him I don't know what it is But I know that I can't live without him he's got a way of pleasin' I don't know why it is But there doesn't have to be a reason anyway

he's got a smile that heals me I don't know what it is But I have to laugh when he reveals me he's got a way of talkin' I don't know why it is But it lifts me up when we are walkin' anywhere

he comes to me when I'm feelin' down Inspires me without a sound he touches me and I get turned around he's got a way of showin' How I make him feel And I find the strength to keep on goin' he's got a light around him And everywhere he goes A million dreams of love surround him everywhere

he comes to me when I'm feelin' down Inspires me without a sound he touches me I get turned around

he's got a smile that heals me I don't know why it is But I have to laugh when he reveals me he's got a way about him I don't know what it is But I know that I can't live without him anyway
