

## Feels Kinda Funny

Bernard Allison

Feels kinda funny without no money  
Life ain't easy and it just don't please me  
Pain and sufferin' has been a part of our life  
Don't worry no more, my blues will make you feel just fine

The kids don't understand when I speak this way  
I try to make 'em realize that the blues will never go away  
Pain and sufferin' has been a part of our life  
Ain't gonna worry no more, my blues will make you feel all right
