

# Sleeping Rough

Bernard Fanning

Let's go out tonight and make a big noise  
Throw a shadow across the light in the name of all the  
broken boys

So your heart's been sleeping rough  
Now I know my problems don't amount to much  
Come on love won't you look my way let's  
set aside our differences and stay... and stay

Let's step out and have some fun and tell each other big lies  
As long as we beat the golden ball home tomorrow we'll be feeli  
ng  
just fine oh yeah

So your heart's been sleeping rough  
Now I know my problems don't amount to much  
So come on love won't you look my way let's  
set aside our differences and stay and  
Stay- ayee-aay-aay-yay

You make it hard for me to believe  
You make it hard for me to refuse  
So enough of this misery stuff let's  
throw our shadow right across the sun  
So come on darling pour some love in my cup  
In my mind you'll always be the one

So your heart's been sleeping rough  
Come on love look my way  
So your heart's been sleeping rough  
Problems they don't amount to much hey  
Come on love look my way  
Set aside our differences and stay oh come on love

So your heart's been sleeping rough  
Problems they don't amount to much  
Come on love look my way  
Set aside our differences and stay oh come on love

So your heart's been sleeping rough  
Pour some love in my cup  
Come on love look my way
