

# Dolla Signs

Berner

One of these days  
It ain't gonna change  
One of these days  
Thing gonna change

19 coke down selling dreams  
Empty bottles on my floor  
Dope money on my jeans  
Had to break a bitch to see a watch  
Yeah pretty ass pay for this you know why  
All I see is paper now I got a first show  
Bitch I'm on Vegas now she don't even play around  
I keep pushing on the cart seeking  
I'm on the club bitches you see the drop big  
I just step on  
Big 40 on me been a while since I propped mine  
All I see s dollar signs when I'm wake  
When I sleep ring my bell more money in my safe  
Top dogs wanna talk prices  
I looked her dead in the eyes and  
Told her stay outta mine  
Baby go and did it  
Don't act like you don't know  
Got 16 bitches in my line and they're all

Pretty bitches in my line but when I look deep in their eyes  
All I see is dolla signs  
I got money in my mind  
I'll probably end up  
Doing time but all I see is dolla signs  
All money ain't good money  
But I'm running through this hood money  
All I see is dolla signs  
in a hotel room where the policy is dolla signs

No banks on my hide on my  
I sleep when I might do 5 and affairs  
Imma live through these rounds and I'm dead  
A few suckers gotta press on my head  
Homey fuck that  
I'm gonna go try to bust his next move  
50 pounds let's go Imma get him proved  
Fake friends wanna see me fail  
I'm bout to say no need to mail  
I got prices that bring me bills  
I'm bout to do dolla sign getting busy  
I'm with my bottom in a trunk full of mitty  
No love heartbreak like suing them  
I'm in this cheap hotel just moving them  
All I see is dolla signs when I look  
In this pretty girl's eyes  
The money gets me high  
If you want a pack then  
You better get in line  
I ain't picking up unless it's ten at a time K

Pretty bitches in my line but when I look deep in their eyes

All I see is dolla signs  
I got money in my mind  
I'll probably end up  
Doing time but all I see is dolla signs  
All money ain't good money  
But I'm running through this hood money  
All I see is dolla signs  
in a hotel room where the policy is dolla signs

No can't all these hoes I'm kissing  
Rap hoes building clap heel brick shit  
I ain't getting money then the bitch don't get shit  
Brother wise words
