

Chainsaw

Bertine Zetlitz

they say you're in the building
working wonders with the chainsaw
they say you're in the building
working wonders with the chainsaw
for good this time / I am left behind

they say you're in the building
working wonders with the chainsaw
they say you're in the building
working wonders with the chainsaw
for good this time / I am left behind

they say you're in the building
working wonders with the chainsaw
they say you're in the building
working wonders with the chainsaw
for good this time / I am left behind

come on
come on
come on
come on
come on
come on
keep on
keep on
keep on
messing with my mind

colour me blind
colour me blind
