

# Kicking You Out

Bertine Zetlitz

(It's a dirty game, such a dirty game  
It's a mindgame, a dirty mindgame)

You played it cool, you made the rules  
You tried so hard to take control of my twisted mind  
But there's no use, you're gonna lose  
I won't be spellbound by you charming enchanting lies  
Trying to stab me from behind  
(It's a dirty trick)  
And now my sweet revenge you'll find  
Oh oh when I'm

Chorus:

Kicking you out, out in the night  
Knocking you down, ready to fight  
Gotta believe, better believe  
that this world ain't big enough for both of us  
I'm kicking you out, out in the night  
Knocking you down, ready to fight  
Gotta believe, better believe  
that this world ain't big enough for both of us no more

Its all a game, cold sweat and pain  
So say you're prayer cause there's no mercy for humble souls  
And in the end, no ones your friend  
The table's turned, you stand alone when the verdict falls  
And the winner takes it all  
(Its a dirty game),  
so will you stumble will you fall  
oh oh when I'm

Chorus

(Its all a game  
You made the rules  
So say your prayer  
You're gonna loose  
You stand alone  
The verdict falls  
The winner...takes it all)

Chorus
