

Kiss Me Harder

Bertine Zetlitz

Baby makes me bleed
Honey makes me sweat
Makes me do all the things I've forsaken

Baby makes me fly
Makes me wonder why
I am abanned in this sweet intoxication

I'm glad to go
fast rollercoaster slow

Baby, baby, kiss me harder
Baby, baby, make it longer
Honey, I would let you take me for a ride
Baby, baby, make me weaker
Don't you ever make me wiser
Honey snap your finger I'll be by your side

I will let it slide
Yeah, I'll let it slide
I will wave on my way around starvation

Wrapped around your wrist
That is what I missed
So remember this crazy elevation

I'm glad to go
fast rollercoaster slow

Baby, baby, kiss me harder
Baby, baby, make it longer
Honey, I would let you take me for a ride
Baby, baby, make me weaker
Don't you ever make me wiser
Honey snap your finger I'll be by your side

I'm glad to go
fast, I mean, rollercoaster slow

Baby, baby, kiss me harder
Baby, baby, make it longer
Honey, I would let you take me for a ride
Baby, baby, make me weaker
Don't you ever make me wiser
Honey snap your finger I'll be by your side

Baby, baby, kiss me harder
Baby, baby, make it longer
Honey, I would let you take me for a ride
Baby, baby, make me weaker
Don't you ever make me wiser
Honey snap your finger I'll be by your side
