

## Ave Master Lucifer

Besatt

On the glade between the trees  
Full moon shines in the darkness  
I hear louder and louder sing  
I scream laudatory sing  
AVE MASTER LUCIFER  
Fire is burning with shadows around  
Mad dance has begun  
This night is magic  
I still hear laudatory scream  
AVE MASTER LUCIFER  
I feel heat on my body  
Fire  
Sweet sticky taste on my mouth  
Blood  
Known smell I recognize  
Opium  
Echo repeats again  
Choral wild scream  
AVE MASTER LUCIFER
