

## Last Obsession

Besech

I'm resigned beneath the sky  
To walk on the endless fields  
Only the night take  
My only dream away  
It's my last obsession  
It's my last obsession to get away  
And I see illusions  
I hear whispers all around  
I tried to hold them back  
Even if I  
Circle around and I try to reach the sun  
It's my last obsession  
Circle around and I try to reach the sun  
It's my last obsession to get away  
My hope has flown away  
To find a way from here  
Another day alone  
Without sharing  
Circle around and I try to reach the sun  
It's my last obsession  
Circle around and I try to reach the sun  
It's my last obsession to get away
