

Honey

Best Coast

Honey, you're so fine
I wanna be with you all of the time

(Oooo)
I couldn't tell you just how much I loved you
But now that you're mine I'll tell you all the time

Honey, you're so sweet
I wanna be with you every week

(Oooo)
I couldn't tell you just how much I loved you
But now that you're mine I'll tell you all the time

Honey, honey, honey, honey

(Ooooo)
You're so good to me
When you are away
But when you get home
You don't have much to say
It doesn't matter to me either way
All I want is for you to stay

Honey, honey, honey, honey, honey
