How They Want Me to Be

Best Coast

All of my friends stick up their noses They ask me where my money is And where does it go once I've spent it

But I don't want to be how they want me to be I don't want to be how they want me to be I don't want to be how they want me to be I don't want to be how they want me to be

And even my own mother asks me a lot of questions I tell her I don't want to talk But she doesn't stop, she's just wondering

But I don't want to be how they want me to be I don't want to be how they want me to be I don't want to be how they want me to be I don't want to be how they want me to be

I want you, you, you, you I want you, you, you, you

'Cause when I wake up in the morning or the middle of the night I wonder who's there and what they've said Yeah, when I wake up in the morning or the middle of the night I wonder who's there and what they've said But when I wake up in the morning or the middle of the night I look at you and I know it's alright I wake up in the morning or the middle of the night I look at you and I know it's alright

'Cause you don't want me to be How they want me to be You don't want me to be How they want me to be

And I don't want to be how they want me to be I don't want to be how they want me to be You don't want me to be how they want me to be I don't want me to be how they want me to be
